

Dawn Bracy, B.A.
Director, Project Management, Editing and Quality Control

Dawn Bracy is a Director of Project Management, Editing and Quality Control at Advyzom. Dawn is responsible for supporting various projects within the Medical Writing, Regulatory and Operations areas.

Dawn has over 25 years of professional experience in project management, quality control, submission publishing, and marketing in the pharmaceutical and nutraceutical industries. As a member of Advyzom's Medical Writing and Operations teams, she provides project management, editing, quality control, formatting, submission publishing, and data set management of clinical and non-clinical documents for NDAs and INDs.

Dawn has held project management positions at Hoechst Roussel Pharmaceuticals, Roche Pharmaceuticals and DSM Nutritional Products. She has extensive knowledge of programs used for project management, desktop publishing and graphics. She has designed and edited presentations that were presented to the FDA's Advisory Committee.

Dawn earned her Bachelor of Arts Degree (Magna Cum Laude) in Communications from Fairleigh Dickinson University.
