

**JASON GRANA, M.S.**

**Associate, Regulatory Operations and Submissions**

Jason Grana is an Associate of Regulatory Operations and Submissions at Advyom. Jason is responsible for the compilation and publishing of Health Authority submissions, conversion of Word documents to eCTD compliant PDF's, bookmarking, and hyperlinking within a document or across a submission. Jason has knowledge and technical capabilities which includes Microsoft SharePoint, ISI Toolbox, Adobe Acrobat, Lorenz DocuBridge, Microsoft Office Suite, Word Templates, and Electronic Submissions Gateway (ESG).

Jason received his Master of Science from Saint Joseph's University and his Bachelor of Arts in Biology from Binghamton University. Jason worked as a Research Specialist for the University of Pennsylvania and oversaw their non-clinical testing facility. He Compiled GXP-validated CBC and FACS data that examined the histopathology and myeloid landscape of leukemic animal models and designed a non-clinical study evaluating the translatability of harvested double-mutant bone marrow cells in irradiated mice. Jason also worked as a Teaching Assistant for Saint Joseph's University training undergraduate students in fundamental biological theories.
