

Kimberly Voss McPhail, Pharm.D.
Senior Associate, Regulatory Strategy

Dr. Kimberly Voss McPhail is a Senior Associate of Regulatory Strategy at Advyzom. Kim can provide regulatory US Agent support as well as assists Global Regulatory Leads on projects. She can support IND life-cycle submissions, initial IND and NDA applications for companies in different phases of drug development as well as annual reports, orphan designations and regulatory strategic plans. Kim provides regulatory intelligence across therapeutic areas and research and assessment of the regulatory landscape. She has experience working on drugs and biologics and special expertise in pharmacogenomics.

Kim has over 15 years of experience in managed care pharmacy where she was responsible for setting clinical strategy across multiple therapeutic areas. She has strong leadership, analytical, and project management skills gained while working in multiple roles within managed care pharmacy. Prior to joining Advyzom, Kim was a clinical lead at a Pharmacy Benefit Management start-up where she was instrumental in creating the initial setup of critical clinical components from ground level such as first drug formulary, utilization management process/strategy, policies and procedures, and client reporting. She has extensive experience in clinical writing and interpreting and analyzing clinical trial data to make formulary status determinations and create drug policies. Kim also worked for CIGNA Pharmacy Management as a National Clinical Pharmacy Director of Cardiopulmonary Programs wherein she developed strategy, created content, and implemented design of national disease management programs that demonstrated pharmacy, medical, and productivity savings while improving patient outcomes. She has led multi-disciplinary strategy teams across different regions and has years of experience with client management.

Kim earned her Doctor of Pharmacy (Summa Cum Laude) from the University of Florida and received her Bachelor of Science in Pharmacy (Summa Cum Laude) from Rutgers University. She is a Registered Pharmacist in New Jersey.
